NEW EMPLOYEE

NEMR welcomes Dustin Roan of Novinger to the construction crew. A Novinger native, Dustin is no stranger to Northeast Missouri. He has been married, to his wife Meagan, for thirteen years and they have two children, Miley, age 13 and Dickson, age 8. Dustin is a big outdoors person. He likes to trap, hunt, fish, and compete in archery. "I am excited to get started," said Dustin.

SERVICE AWARDS

Michele Gillespie, General Manager, recognized Clayton Thomas, Kyle Rogers, and Jennifer Chrisman for their years of service at NEMR.

Kyle Rogers-10

Jennifer Chrisman-10

LANDLORD REFERRAL PROGRAM

Rusty Wayman, a farmer and landlord in rural Adair County, shared NEMR information with his new tenant and the renter signed-up for internet service. NEMR gave Rusty a \$25 Visa gift card and the renter received \$25 off his first NEMR bill! Our Realtor Referral Program includes realtors and landlords. Partner with us to save your buyers and renters money.

SUMMERTIME FUN

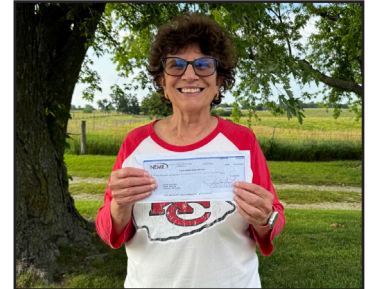

NEMR employees and their families have participated in several parades this summer. We've supplied a lot of your children with candy, and we hope you can forgive us! *Pictured above L to R: Jared Shelley's son, Justin Riley's daughter, and Jared Kray's son in the back seat.*

NEMO FAIR WORKERS

Wesley Findling, Installer/Repairman, and Jason Hill, Network Manager, were busy checking-in Rodeo participants at the NEMO Fair in Kirksville on July 16th.

CASH PRIZE WINNERS

Winners drawn for the Annual Meeting of Members received their checks. Congratulations again to Robert Baldock (\$500) and Glenda Ambrosia (\$1,000) both of Unionville!

FIBER FIELD DAY 2024

Smart Rural Community providers from around Missouri, including NEMR, gathered together in June at GRM Network's office in Princeton, Missouri, for Fiber Field Day. Policymakers, industry partners and community stakeholders from Missouri to Washington, D.C., learned how fiber is being deployed across rural parts of the state and the endless opportunities (remote work, telehealth, economic development, education, and more) created through connectivity. Attendees were treated to hands-on demonstrations, informational booths, and guest speakers.
